Cultivator

KR400MP
Length: 937mm (37")

Coffee harvester

EJ400MP
Length: 1,128mm (44-1/2")

Easy Change

Lever style lock system allows for quick toolless installation and replacement of the attachments.

Excellent Mobility

Split system of Power head and Attachment provides easier mobility.

Optional tool bag makes it even easier to transport Power head and Attachment and to put them into car trunk or small storage space.

Electric brake stops the motor rotation gently but fast, allowing user to quickly resume operation.

Ergonomically designed compact loop handle with rubberized soft grip

Brushless DC motor

Maintenance-free due to no brush

Energy production is more efficient than brushed DC motor because of no friction loss caused by brushes, enabling to lower amperage for reduced heat production and increased work amount on a single full battery charge.

BL
MOTOR

Grass clipping removal function

If grass clippings stuck...

Equipped with reverse switch for easy removal of grass clippings stuck on the blade; grass clippings can be removed from and around the blade by slow reverse rotation of the blade.

LED warning lamp

for Battery

Blinking: Battery power has been almost used up.
Solid: Battery power has been completely used up; the battery protection circuit will automatically shut off the power supply to motor.

for Motor

Blinking: Motor has been locked.
Solid: Overheating; the current limiter will automatically shut off the power to motor.

Battery converter (option)

Users, who have 2 units of 18V battery (BL1830), can make use of BUX360, UX360D with BVC02.
