Excellent cleaning features useful in commercial applications

Large side brushes + Large power brush

Side brushes enable to clean alongside walls, around obstacles or tight corners in either of pattern/ random.

ø50mm x 260mm Large power rotating brush

Dust box with 2.5L capacity

Dual compartment structure - one for small debris, the other for large debris - is ideal for commercial use.

Vacuum fan sucks up small debris into upper compartment.

Power brush picks up large debris into lower compartment.

Outstanding in its class, large dust box capacity

Equipped with a highly efficient filter that features the same quality as the filter of Makita vacuum cleaners has.
